

T.H.O.R. DIRECTORY

Transitional Housing for Offender Reentry

The Department of Community Supervision (DCS) Reentry Services Division maintains the Transitional Housing for Offender Reentry (THOR) Directory to assist staff with making residence decisions.

This directory contains community-based residential facilities that have met the standards on transitional housing for people on state supervision. The primary issues that are addressed before a facility is included in the THOR Directory are:

- Providing a safe and healthy environment for residents and staff,
- Maintaining consistent and timely resident and staff communication with supervising officers, and
- Delivering services that facilitate recovery from alcohol and other drugs and/or criminal lifestyles.

The THOR Directory contains two types of facilities: **Structured Housing and Recovery Residences.**

To access the recovery residence providers, [click here](#). A “Recovery Residence” (RR) is a term describing a safe, healthy, and sober living environment that promotes recovery from alcohol and other drug use and associated problems. Residents are mandated to attend substance abuse programming.

To access the structured housing providers, [click here](#). “Structured Housing” (SH) describes a facility available for those who have been recently released from incarceration or displaced and are in need of a healthy, safe and controlled environment only. Programming is not mandated at these locations.

Recovery Residences

Residents need a more restrictive environment than outpatient services to establish or maintain abstinence from alcohol and other drugs and criminal behavior.

Designation as a recovery residence requires accreditation from a minimum of one of the following agencies:

GARR - Georgia Association of Recovery Residences **CARF** - Commission on Accreditation of Rehabilitation Facilities
DCH - Georgia Department of Community Health **JCAHO** - Joint Commission on Accreditation of Healthcare Organizations
